Conflict Minerals Policy

Dear Valued Customer,

Based on currently available information, PRECI-DIP SA does not process conflict minerals (Tin, Tantalum, Tungsten, Gold) originating in the Democratic Republic of the Congo (DRC) and its adjoining countries.

PRECI-DIP SA is working with its supply chain to ensure its suppliers are aware of this policy and urges its suppliers to support such policy by sourcing minerals PRECI-DIP SA uses from socially responsible sources.

Best Regards,

PRECI-DIP SA
